PUBLIC ANNOUNCEMENT

MMX Mineração e Metálicos S.A. ("MMX") (Bovespa: MMXM3; TSX: XMM), pursuant to Article 157 of Law #6,404/76 and CVM Instruction 358/02, hereby makes the following announcement:

On September 27, 2007, MMX, LLX Logística S.A. ("LLX") and Ontario Teachers' Pension Plan Board ("OTPP"), a Canadian pension fund, entered into definitive agreements providing for the subscription and purchase of 15% by OTPP of the issued and outstanding shares of LLX, in preferred shares, for a price of US\$185.0 million (the "Investment"). Financial closing of the Investment is subject to customary conditions and is expected to occur in the near term.

The investment implies a valuation of MMX's remaining 85% common shares interest in LLX of approximately US\$1.05 billion. The proceeds of the Investment will be used to develop non-iron ore port handling activities at the Açu Port, in the State of Rio de Janeiro, develop an industrial complex located in the retro-area of the Açu Port, fund the acquisition of the Brasil Port, in the State of São Paulo, and of the Sudeste Port, in the State of Rio de Janeiro. The Brasil Port, the Sudeste Port, and the non-iron ore activities of and the industrial complex at the Açu Port, are business opportunities that are currently being carried out by LLX Açu Operações Portuárias S.A. ("LLX Açu").

Eike Batista, Chairman & CEO of MMX and Chairman of LLX said: "The closing of this transaction is a very important step for LLX. The funds raised on this transaction with OTPP will allow LLX to develop three ports opportunities that will not only provide MMX with additional logistics alternatives, but will also capitalize on their premium location. I believe that the Brasil Port and the Açu Port have all geographical and conceptual qualities to become new logistics gateways for Brazil."

The LLX port opportunities will be developed as mixed-use terminals sized to berth large carriers with contiguous industrial complex areas and have, therefore, major expansion capacity. The Açu Port, with a back-area of 7,200 ha, will handle iron ore from the MMX Minas-Rio pipelines, as well as other products such as steel, coal, containers, granite, ethanol, oil derivatives and LNG. The Brasil Port, with a back-area of 1,900 ha, is being designed to handle iron ore, containers, fertilizers, agricultural and liquid bulk. The Sudeste Port is also strategically located and sized to house a distribution center and berth for an iron ore terminal.

LLX Açu is a subsidiary of MMX, which owns 70% of its outstanding shares. The remaining 30% interest is owned by Centennial Asset Logística S.A. LLX also owns 51% of LLX Minas-Rio Logística S.A., which is developing the iron ore terminal at the Açu Port.

("MMX" or the "Company") (Bovespa: MMXM3; TSX: XMM), pursuant to article 157 of Law 6.404/76 and CVM Instruction 358/02, hereby informs that on November 5, 2007, its subsidiary LLX Logística S.A. The financing agreement encompasses (i) a short term bridge loan in the amount of US\$300 million and (ii) long-term finance credit lines amounting up to US\$750 million which are expected to be originated mostly from the onlending of funds from Brazil's National Development Bank ("BNDES"), with an estimated term of up to 13 (thirteen) years (in the aggregate the "Financing").

Pursuant to the Engagement Letter, Bradesco further agreed to undertake best efforts to syndicate approximately an additional US\$1.1 billion for LLX.

All the terms and conditions related to the long-term financing will be subject to BNDES's previous analysis, and the conclusion of the transaction is subject to the detailed conditions of the Engagement Letter, and to usual market conditions for transactions of this nature.
